It is also reported that the staff are biased towards certain users due to friendship rather than any sort of immorality on their parts.

Parents can also choose what games their kids can play, or even disable chat so other players can't talk to their child. Roblox allows players to sell their own creations (such as hats and T-shirts) with unique names. These names usually contain the item name followed by "item" and sometimes the price. For example, the price of a hat called "Duck" would be listed as Duck item. If a player bought the Duck item for 5 Robux, it would cost 5 Robux once he bought it.

On December 14th 2021, ROBLOX announced that there would be no more updates to this system and any items uploaded would not be safe after February 10th 2021. They also announced that they will be releasing a replacement system to store game files. On February 9th 2021, ROBLOX announced that the upcoming upload system is going to be called "ROBLOX Studio".[97]

ROBLOX is built upon a custom system that includes its own scripting language and core programming languages. While it may not be true to say that all games on ROBLOX are made with ROBLOX's scripting language, this is true of the vast majority of games on the site. The scripting language is easy to learn, but more advanced scripting calls can be difficult to implement for users who do not know the syntax or do not have the time. This has led to many third-party solutions (modification of gameplay, ROBLOX engine modifications and others) being made by experienced users so that less experienced users can get a head start in the game development process.

The way Roblox works is by creating an account. In this account, you will be able to make your own avatar that you can customize to look however you want it to. With this avatar, you can go on to explore the different places and games in roblox. You can interact with other players that you meet in the game and even chat with them. There are many different categories of games that you can choose from to play and I like this because you have a lot of options to chose from. One thing that I think is great about roblox is that you do not need to pay any money to play it all the time. This is because you can buy Robux in order to use it for building purposes or for upgrading your avatar. This is great because rather than just paying and continuing to play, if people don't want to pay they don't have too.
